

The Jar of Coughing

Hammer blows, steadily applied, break the hardest rock. Coughing, day after day, jars and tears the throat and lungs until the healthy tissues give way. Ayer's Cherry Pectoral stops the coughing, and heals the torn membranes.

"I always keep Ayer's Cherry Pectoral in the house. It gives perfect relief whenever any of us have coughs or hard colds. I have used it for a great many years and so know all about it."—MRS. MARY O'BRYEN, VINCENNES, IN.

LOCAL BRIEFS

S. Waterson came down from Kansas City Tuesday night.

Joseph Schenck went to St. Louis Monday night to spend the winter.

C. C. Wurlaht, of Kansas City, spent Sunday here with his parents.

Mrs. John Welborn went to Kansas City Tuesday morning to spend the day.

Miss Katie Geiger went to Kansas City Wednesday morning to spend the day.

Hon. John Welborn and wife returned from Kansas City Tuesday night.

Misses Clara and Anna Kaempf, of Kansas City, spent Sunday here with home folks.

Miss Bertha Rosarno went to Concordia Wednesday morning to visit relatives.

Mrs. A. B. Foster went to Kansas City Wednesday morning to visit relatives and friends.

Capt. Ryland Todhunter went to Harper, Kansas, Monday morning to look after his land interests.

J. M. Bayse and wife came down from Kansas City Saturday night to visit the family of G. M. Vaughan.

W. G. Musgrave, of Kansas City, who was here on business, went to Sweet Springs Wednesday morning.

Mrs. A. E. Asbury Jr., who has been visiting friends here, returned to her home in Higginsville Saturday night.

Miss Mayme Collins, who has been visiting friends and relatives in St. Louis, returned home Sunday morning.

Miss Lillie Schwab returned from Slater Saturday evening, where she has been spending a month with friends.

Mrs. Mary Sells, of Kansas City, and Mrs. Sallie Sells, of Chicago, arrived Tuesday night to visit Mrs. Laura Page.

Mrs. Sarah J. Teris, who has been visiting her daughter, Mrs. Chas. Williams, in Kansas City, returned home Saturday night.

Rev. J. M. Chaney, of Independence, who has been visiting the family of W. B. Wilson, returned home Monday morning.

Miss Susan Yates left Sunday morning for Scranton, Miss., where she accepted a position as elocution teacher in Scranton College.

Dr. E. C. Gordon went to Fulton Saturday night to attend the inauguration of Dr. D. R. Kerr as president of Westminster College.

Miss Annie Kampmeyer, who has been visiting the family of Chas. Toeber, returned to her home in Higginsville Tuesday morning.

Henry McNeal went to Odessa Monday night to attend the funeral of Robert Croughton, who was killed Sunday morning by a falling weight of a windmill.

Mrs. L. J. Wood, who has been visiting friends and relatives at Lexington College, returned to her home in Kansas City Tuesday morning.

Mrs. N. B. Payne and daughter, Miss Lucy, who have been visiting relatives in Virginia and Kentucky, returned home Sunday night.

Miss Jo Kemble went to Kansas City Sunday evening for further treatment of her scalp wound. She is now nicely and no fears are entertained as to her recovery.

Capt. H. M. Peck went to Sedalia Monday morning to make arrangements for the foot ball game with Kemper, which will be played at this place on Thanksgiving Day.

Rev. Milford Riggs, wife and sons and Miss Madge Nicholson returned Sunday morning from Warrensburg, where they have been attending the state meeting of the Baptist General Association.

One of the most serious of recent railroad wrecks occurred at Sheffield Monday morning, when the California Express on the Santa Fe left the track, owing to a loose rail, and smashed up several cars, killing thirteen passengers and wounding thirty. The cars that left the track struck the rocky bluffs and were shattered to pieces.

The striking character originality "Cherry Valley" by John Crittenden Webb, is a play that achieved one of the season's real bona fide successes and that it has met with the hearty endorsement of both press and public is a known fact. Its reception this season has been most cordial and the attraction is mentioned as one of the worthy offerings of the current season. At the New Grand, Wednesday, November 7th.

CONSTIPATION.

Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaints have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla. writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by Crenshaw & Young. 11-4ml

Great Array of Dairy Talent.

The Sixteenth annual meeting of the Missouri State Dairy Association will be held in Representatives' hall of the State Capitol building, Jefferson City, November 15-17, with three sessions daily—morning, afternoon and evening. Besides the addresses and papers to be presented by the many distinguished speakers enumerated in the following brief synopsis of the program the exercises will be interspersed with vocal and instrumental music and short impromptu discussions inspired by the "question box."

Married at the home of the bride, north of Bates City, Wednesday, October 19, 1905, Chas. Herman and Miss Flora McDougal. Rev. T. D. Payne officiated. Only a few relatives were present. A supper was served. The groom is a nephew of Mrs. Olive Pearson and Mrs. Peter Badaul. The bride is a daughter of J. McDonald, one of the substantial farmers of Clay township.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transforms all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by Crenshaw & Young. 11-4ml

Few people think of Missouri as a leading lumber state of the union, and yet the forestry officials of this state give figures which show that the product of Missouri's forests last year sold for over 20,000, or more than two-sevenths of the entire forest yield of the United States.

The Concordian: We are informed that Henry Bolland and family of near this city have the intention of moving to Squires, Idaho, next spring. Mr. Bolland, who just recently returned from a trip to that state, is highly pleased with the land and people.

A liquid cold cure and the only Cough Syrup which moves the bowels—works all cold out of the system—is Kennedy's Laxative Honey and Tar. Clears the head and throat and makes weak lungs strong. Best for croup, whooping cough, etc. Children love it. Sold by Crenshaw & Young. 11-4ml

H. W. Homan to Henry Angelbeck, Sr., 9, 48, 24, consideration \$1,200.

DO YOU FEEL THIS WAY.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get into every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

O. S. Copenhaver, Reg. of Mount Union, Huntington Co., Pa. (Box 222), writes: "About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better but only for a short time. I then tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year and I felt much better, but it did not last. I then took to using several widely advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicines, using his 'Golden Medical Discovery' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

Born, in Concordia, to the wife of Edmund Bruns, on Friday, October 22, 1905, a fine boy.

A Food to Work On

Work! Work!! Work!!!

Lots of energy is needed to keep up the pace. In the struggle, the man with the strong body and clear brain wins out every time.

The man of to-day needs something more than mere food; he needs a food that makes energy—a food to work on.

Although some people may not realize it, yet it is a fact, proved and established beyond doubt, that soda crackers—and this means **Uneeda Biscuit**—are richer in muscle and fat-making elements and have a much higher per cent. of tissue-building properties than any other article of food made from flour.

That this is becoming known more and more every day is attested by the sale of nearly 400,000,000 packages of **Uneeda Biscuit**, the finest soda cracker ever baked. An energy-giving food of surpassing value—sold in a package which brings it to you with all the original flavor and nutriment perfectly preserved. *Truly the food to work on.*

Whoever you are—whatever you are—wherever you work—**Uneeda Biscuit**.

Missouri State Corn Crop.

The fact that the first prize for the best corn at the recent Macon county corn show was won by a farmer who has for several years been practicing scientific methods of corn breeding as taught by the Agricultural Experiment Stations emphasizes the importance of using a little science in corn growing. The additional fact that this man has, by these methods, not only improved the quality, but has increased the yield so that he now gathers from seventy-five to one hundred bushels per acre in an average season, cannot but impress the thinking man with the importance of a careful selection of his seed corn. Corn is a plant which can be changed by selection as readily as any plant known.

The ability to select ears which will produce corn of high quality and yield, is the result of scientific research and experience, but any farmer who will give the matter a little time, can become a successful breeder of seed corn. The Missouri Corn Growers Association organized for the purpose of increasing the quality and yield of the corn of the State will hold the third annual meeting at Columbia, during farmers' week, January 9th and 10th, 1906 and it will be worth many times the expense of any corn grower in the state to attend this meeting. Some of the most successful corn growers and scientists who have been instrumental in improving the corn plant will be present to address the meeting. A prominent feature of the meeting will be the State Corn Show which is open to all farmers in the State of Missouri and it is expected that several hundred entries will be exhibited, representing every county in the State. Every farmer who has good corn should prepare an exhibit and complete for one of the prizes which will be offered. The prizes include agricultural implements and cash prizes, aggregating more than \$400. The winning of one of these prizes will be a great advertisement for a community where the corn was produced, will be profitable to the man who wins it and the dissemination of what is learned at the convention will be of inestimable value to the State.

Missouri has been producing good corn for many years, but our soils are constantly decreasing in fertility, and our farmers can maintain the position we now hold as a corn growing state only by a more careful attention to the breeding and selection of seed, as well as to the best known method for increasing the fertility of the soil.

Full information about the classification and premiums and programs for the State Corn Show may be had by addressing: M. F. MILLER, Secretary Missouri Corn Growers Association, Columbia, Mo.

The Only Guaranteed Kidney Cure is Smith's Sure Kidney Cure. Your druggist will refund your money if after taking one bottle you are not satisfied with results. 50 cents by Crenshaw & Young. mar25y1
